FOREST FIRE WARDEN'S REPORT

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Let's reduce the number of forest fires and eliminate our most shameful waste.

SUPERINTENDENT'S REPORT

To the Grantham School Board:

I am pleased to report on the activities of the Grantham schools during the past twelve months.

In the Grantham Village school Mrs. Mabel Pillsbury has resigned and she has been replaced by Mrs. Marion Heath, a teacher with experience. We have seldom had an exchange of teachers in Grantham whereby we have been able to fill a position with a teacher of experience and previous success. It is highly gratifying to have this good fortune.

Some comment was made about the heating conditions at the North Grantham school during the last district meeting. The Board has been able to secure a circulating, coal burning stove which seems to add a good deal to the comfort. We now have a stove at each end of the room which ought to take care of the situation in the most severe weather. The building is hard to heat because there are windows on three sides and the foundation is not especially tight. Grantham could do with one good new building sufficient to take care of the fifty children in two rooms, with a third to allow for a noon lunch program, but this is probably a very remote possibility.

The teachers were able to spend the first four days of the school year at a workshop conducted for elementary teachers in Hanover. This seems to be helpful as well as an enjoyable occasion for teachers and I hope it may be continued.

We may be surprised when we look at the size of the request for high school tuition but we already have fifteen enrolled in high schools with probably four to graduate but there are ten in the eighth grade at the present time. Should these attend high school we would

have a total of twenty-one. It is not likely that we will have over eighteen but at \$175 per pupil or in some schools even \$300 the high school tuition is going to be a considerable item.

Grantham was fortunate in that it did not suffer, but in fact gained, in the amount of state aid although there was a general reduction in most of the school districts of the state and a great many districts received nothing.

Miss Eveleth has a report in another place telling about the medical inspection and what defects she has found and what corrections she has been able to make. Some children have been fitted with glasses from the Lindsay fund in Hanover through her efforts.

I take this opportunity to express my appreciation to the members of the School Board, the teachers and pupils for their kindness and helpfulness during the past year.

Respectfully submitted,
WILLIAM J. ENGLISH,
Superintendent.
